

Communication with Parents/Carers

- The Junior Liaison Officer, Rob Furlong, is the first point of contact for Cambridgeshire Nomads H.C. and the parents/carers of the junior club members. We request that any enquiries about the junior section of the club are made through Rob in the first place.
- Cambridgeshire Nomads H.C. request that parents/carers supply their own contact details with the Registration Form. These details are essential as emergency contact details for the junior player.
- A list of fixtures will be supplied with the Junior Information Pack.
- Match details will be communicated to both player and parent/carer in the week prior to the game. Details will include opposition, time and place of departure and return (away games). We request that parents/carers make arrangements to drop off and collect the player at the specified times. We will arrange for the parent/carer to be informed if there is going to be a significant change to any of these times (particularly return times) as soon as possible.
